Glance through these books the day you get them. Do not be overwhelmed. We have many months plus the course itself to cover relevant material.

Most importantly tune in to your own practice:

- Set a time and place (ideally morning)
- Spend at least 5 minutes just focusing on the breath
- Take time to sit and clear the mind
- Establish a daily time for asana (either self or class)
- Read a verse or two of sutras/gita (ideally before bed)
- Sit and clear the mind for 5 minutes before bed
